Student Wellbeing Policy

Date approved by School Council | 6th December 2016

Rationale

Seaford Park Primary School is a community of learning that strongly supports the development of supportive relationships among students, parents and school staff. The emotional and physical wellbeing of our students is pivotal to their success at school and in their future lives. Physically and emotionally healthy students are happy, able to deal positively with life’s challenges, experience a sense of connectedness with the school and others, and are well placed to develop into well-balanced and successful young adults.

Our school will achieve this by:

• Involving Parents and the Community in our school proceedings
• Encouraging supportive relationships based on mutual respect that encourages students to behave responsibly
• Teaching and fostering social skills necessary to learn and play together
• Developing an awareness of the everyone’s right to learn and be safe and the consequences for choosing unacceptable behaviours
• Implementing a curriculum that engages all students
• Modelling our approach on recent research guidelines
• Encouraging an environment of community trust.

Child Safety Statement of Commitment

Seaford Park Primary School is committed to the safety and wellbeing of all children and young people. This will be the primary focus of our care and decision-making. The school community takes a preventative, proactive and participatory approach to child safety.

Seaford Park Primary School has zero tolerance for child abuse and is committed to providing a child safe environment where children and young people feel safe, and their voices are heard about decisions that affect their lives. Particular attention will be paid to the cultural safety of Aboriginal children and children from culturally and/or linguistically diverse backgrounds, as well as the safety of children with a disability.

We ensure children know who to talk with if they are worried or are feeling unsafe, and that they are comfortable and encouraged to raise such issues. We foster a culture of openness that supports all persons to safely disclose risks of harm to children. We engage only the most suitable people to work with children and have high quality staff and volunteer supervision and professional development.

Every person involved in Seaford Park Primary School has a responsibility to understand the important and specific role he/she plays individually and collectively to ensure that the wellbeing and safety of all children and young people is at the forefront of all they do and every decision they make.
The school’s Child Safety Code of Conduct is available on the school’s website.
